WE ARE COMMITTED
TO PROVIDING DEDICATED
PERSONAL SERVICE IN
AN OASIS OF REFINED LUXURY

The magnificence and beauty of the lotus is admired by cultures across the world. Elegantly delicate at first glance, the flower's daily transformation is an inspiring symbol of revitalisation and raw natural strength. It begins as a bud of pure vitality beneath the water's surface. At sunrise, it breaks through into the fresh air, radiant in full bloom, then retires once more to the calm stillness of the water when night falls. It is this regenerative rise and retreat following the natural rhythm of the day that influences our vision for a Raffles Spa. We believe that a balance between exertion and relaxation is the key to achieving a feeling of inner tranquillity and rejuvenation.

Raffles Spa Journeys are a considered mix between traditional and local methods, each ready to be expertly personalised to ensure that your sensory escape is everything you hoped for and more. Our thoughtful and knowledgeable therapists will guide you on a journey to rediscover mental, physical and spiritual harmony, leaving you feeling enlivened and transformed.

Escape. Indulge. Transform.

Steam Room Wellness

Maintained at 42-45°C, the humid aromatic heat experience is highly beneficial for those that suffer from asthma and bronchitis, as it opens up the breathing passages and alleviates congestion. We recommend that a session last 10-15 minutes and that you keep your body well hydrated afterwards. Humid heats are especially beneficial before or after a massage treatment to increase circulation.

Sauna Wellness

Maintained between 85-110°C, this dry heat soothes and warms the muscles, relieving tension from your body and minimising joint pain. This is especially beneficial for those who suffer from illnesses such as arthritis, painful migraines, and headaches, or as a way of warming the body after an intense workout or treating the common cold. Dry heat is recommended for 10-15 minutes daily and it is important to ensure that your body is kept well hydrated afterwards.

Experience Showers

Experience showers have a unique variety of multi-temperature water sequences, combined with soothing warm and cold jets to relax the body.

Vitality Pools

Maintained at a temperature of 38°C, this luxurious bespoke pool is equipped with air and water jet features, such as a hydro back bench, air tubs, body massage. Vitality pools help to increase circulation and alleviate joint pain.

Ice Fountains

The ice fountains offer a rapid cooling option which is recommended after all heat experiences. Benefits of the ice fountain also include enhancing the wellness of the skin, tissue and muscles, as well as stimulating blood circulation and strengthening the immune system.
